

LITTLE GUYS

Words by Doug Berger and Kelly Scanlon, 4/81

Little guys have little eyes,
Little guys have little thighs.

Little guy have little faces,
Little guys fit in little places.

Little guys don't need much to eat,
Little guys take up half the seat.

Little guys speak little words
Little guys are seldom heard.

Little guys drive little cars,
Little guys don't get too far.

Big guys you put 'em down
you push them around.
But they won't take your shit.
I'm tellin' you this is it!

'cause I've got a little guy
and she makes me feel alive.
