

REACH OUT

Words by Doug Berger, 9/81

Reach Out for peace,
Though it seems light years away.
You know the nearest star
Can't be all that far,
If you just

Reach out for love.
It's never to far away.
You know your dreams can
turn in to magic,
If you just

Reach for the sky,
Reach way up high.
Just lift your feet off the ground
And you'll be walking on the clouds.
