

NIGHT AT THE BON FIRE

Words and music by Doug Berger, 12/80

Am*= Am with open 3rd string.

Open*= Open strings.

G D Am D

We finally met late one night.

G D Am* D

The night they set the ground alight.

G D Am D

I saw your face through the flames

G D Am* D

And I had to get to know your name.

CHORUS

(first chorus one time and slow,
2nd faster and 2x, 3rd faster and
3-4 times)

Open* G D

Now you come and hug me

Open* C D

and you drive me wild.

Open* G D

and you say you love me

Open* C D

and you make me smile

G D Am D
When they had come to put the fire out
G D Am* D
We stayed to fight and won the bout
G D Am D
Because the flame we lit that day
G D Am* D
Just wasn't meant to burn away.

CHORUS

G D Am D
At first it was hard to understand,
G D Am* D
But then you came and you held my hand.
G D Am D
So we took as walk up to my room,
G D Am* D
and then we talked until the noon.
G D Am D
'cause we knew that we'd be friends
G D Am* D
from that moment until the very end.
